

CHAPTER 154 SITE DEVELOPMENT IMPROVEMENTS

154.01 PURPOSE. The purpose of this Chapter is to establish standards for specific public and private site development improvements. This action is intended to provide uniformity by providing a precise understanding of site development improvement requirements from design through construction. Such uniformity and familiarity by both designers and contractors with the IOWA STATEWIDE URBAN DESIGN AND SPECIFICATIONS (SUDAS) manuals enable the delivery of cost-efficient services by reducing confusion and misunderstanding of the needs and requirements of site development improvements within the Perry corporate limits.

154.02 ADOPTION. The most recent published editions of the Iowa Statewide Urban Design Standards for Public Improvements and the Iowa Statewide Urban Standard Specifications for Public Improvements manuals are hereby adopted by reference.
