Fall Open Burning

A discussion was held, at the first City Council Meeting of September, on setting dates for open burning. After statements from the public and deliberation amongst council and the Mayor, a motion was made to not set any dates for 2023 fall burning and directed staff to provide educational information on the various benefits of mulching, along with continuing notices on the curbside collection and the Yard Waste Collection Site, and for a municipal infraction to remain in place for violators that was carried unanimously by the Council. Curbside services for collection of yard waste will continue through December 06, 2023 and the Yard Waste Collection Site will remain open for residential disposal of yard-waste.

Violators of the open burning regulations will be fined \$250 for the first violation and \$500 for the second violation!
